Aloha Residents, Families and Friends,

Season's greetings!

Welcome back! We are so excited that we can finally open our doors again to invite all of you back into our facility. It's been a long 22 months and long overdue. I know it has not been easy for you and your loved ones. We would like to express our sincere gratitude for trusting our team to care for your loved one during this frightening, unprecedented time. It was a significant adjustment for all of us at Aloha too. We truly appreciated your support and patience as we navigated through all of the DOH, CDC and CMS mandates.

I want to assure you that our team worked hard to do our best to fill the void of not having family and friends visit. It was heartbreaking to see the impact this mandate had on our residents, therefore we are excited that we can finally reunite you with your loved ones.

I want to once again ask for your support to work together with our team members to keep each other safe and continue our fight against COVID-19.

During the holiday season, though we all desire to spend quality time with our friends and loved ones, we humbly ask that you continue to stay vigilant in practicing precautionary measure to prevent the spread of COVID-19. It is with your collaboration that we can continue to offer our residents peace of mind and ensure a safe environment for them as well.

Also, as a reminder, our facility is offering the COVID-019 vaccination booster dose on Tuesday, December 14th from 9:00 a.m.- 11:00 a.m. for all residents and employees that are interested. Our Infection Preventionist Veronica Kemp, RN has been contacting families and responsible parties regarding booster dose vaccination for residents. If you have questions or require more assistance, please contact us at 808-247-2220.

We wish everyone a jolly and safe holiday season.
